Thanks Kris. I've made the change. I've also added a table on our upcoming September SAB activities. I'm up in the air about adding a slide on this, but figured you'd have a preference one way or another.

The real question is whether you want to tell the Agency folks you are working on a series of chemicals for a peer review meeting in September.

I've updated the presentation slide. Let me know what you think. I removed the slide on the final assessments since we discussed that slide in February.

Yeah, I guess we will have to do that...after confirming timelines with teams these are the chemicals proposed for September.

Hi Kris – I can update the table. A question for you is do you want to tell folks on the phone that we plan on releasing PECO documents for some chemicals by August for peer review? It will garner a lot of buzz and interest if you do.
